insurance	1,0%		insurance covers loss, theft, damage during shipping													
returns	80%		from tariff, fixed tariff for all returns													
1-transportation:																
The transportation tariff can be calculated basing on the information about the Client's location (please provide) or the Client can transport the goods to Moscow boarder (DME, SVO-1) using his own forces (delivery service), if any.																
2-customs clearance: If a lot is less than 200 shipments the additional charge in amount of 500 USD/lot is taken at the customs.																
3-delivery: The territory of Courier Delivery and the list of Pickup Points could be given upon request or passed through API																

VAT is not included in prices
